offering is the guarantee by indorsement of principal and interest by M. A. Hanna & Co. of Cleveland.

The new bonds are callable as a whole on any interest date on thirty days' notice at 103 and interest to and including June 1, 1923; at 102 and interest to and including June 1, 1924, and at 101 and interest thereafter. The mortgage will provide for a sinking fund of \$300,000 annually, accruing from June 1, 1921, payable quarterly, for the purchase of bonds in the market, if obtainable up to par and interest, but if bonds are not so obtainable any accumulations in excess of \$300,000 shall revert to the company. Bonds purchased by the sinking fund shall be cancelled.

The Hanna Furnace Company is the largest independent producer of merchant pig iron in the United States. Its blast furnaces have a yearly capacity of 1,000,000 tons and its net income, after depreciation, available for interest and Federal taxes of the properties now operated by the Hanna Furnace Company, has averaged \$2,505,011 a year for the last four years, or more than seven and a quarter times the company's annual bond interest of \$344,400.

and a quarter times the company's an-nual bond interest of \$344,400.

BOND NEWS AND NOTES.

Following the announcement that the Appellate Division of the Supreme Court. Third Department, had held constitutional the soldier bonus legislation, bankers were asked whether an issue of those bonds was imminent. The reply was: "There will be no offering of State bonus bonds until fall." The legislation authorized an issue of \$45,000,000 of bonus bonds and decision will have to be made as to the offering of all of that sum in one bit or divide it into two that sum in one bit or divide it into two or three. The most recent offering of State bonds aggregated \$41,800,000, of which \$31,800,000 was sold to the highest bidder and \$10,000,000 of bonus bonds was unsold pending the decision by the courts. The unsold \$10,000,000 of bonus bonds will be lumped with others of the authorized bonus bonds at a date to be fixed later on.

New Public Utility Bonds.

The Los Angeles Gas and Electric Corporation has sold to a banking syndicate \$3,500,000 of general and refunding mortgage 7 per cent. gold bonds, series B, due on June 1, 1931. The syndicate is composed of the following houses: Bond & Goodwin & Tucker, Inc., San Francisco, and Bond & Good win and Blyth, Witter & Co., New York. The bonds are being offered at 97½ to yield more than 7.35 per cent.

liberty bonds were rather dull and soft for the four months ended April 36, 1921, are \$5.151,638, and it is eatimated that for the current calendar year net earnings, after allowing \$6,000,000 for taxes, &c., will be \$22,150,000, of which \$530,000, is necessary for interest this year. These estimated earnings, which it is anticipated will be the largest in the company's history, are largely based on contracts with thoroughly responsible purchasers."

| Corporation Bonds Irregular. | Corporation bonds developed yesterday an irregular tone and some of them were depressed by the action of stocks. The turnover, however, was rather small, and the only signs of real selling pressure were in issues of companies affected by business conditions. Cuba Cane Sugar 7s, which closed on Saturday at \$69, got down to \$67. The marked appraisal of that issue since the passing of the company's preferred stock divided has reflected the trading attitude toward a debenture bond in a period when carnings are unastisfactory. August 1'to its stockholders of record July 2. Although the company declined to make an official statement, it is known that the payment is made on the faith of the directors in the ultimate improvement of the railway situation and general business. As in the case of the Northern Pacific, which declared its regular dividend last week, the disbursement will be made out of the company's accumulated surplus.

The net result of Great Northern's operations in the first four months of the current year was a deficit of \$2,978, 489, contrasted with \$146,946 net operating income for the corresponding 1920 period, and its gross receipts showed a decline of more than \$8,000,000 to \$26, 139,940. At \$6,926,485, its, gross revenues for April were \$500,000 more than they were the corresponding strike month of 1920, but the month showed \$68,259 net operating deficit, against \$650,903 in April of last year.
